

If you use PCS Pro, please be aware there has been an update about 28th July 2020. **Always download the match just before leaving home!**

COVID: Please do not have two people in the scoreboard, unless from same household/bubble. 2 metres and masks provide very little protection for 5 hours in an enclosed space - think about cigarette smoke.

If both scorers use PCS Pro, then one should use "Support Scorer" option as this will enable electronic checks at end of over.

If using DLS and the match is prematurely terminated by rain, remember to enter this final "Revised Overs" as this will then complete the match with correct target. You can find more on DLS at <https://tinyurl.com/SACO-PCSPro>

URGENT APPOINTMENT : Staffordshire Under 18 Boys need two scorers (even with limited experience) for TOMORROW (Sunday 11:00) at Moddershall £30 expenses. email Caroline.Cartwright0706@gmail.com IMMEDIATELY.

I am trying to compile a list of podcasts and other resources but this may take me a couple of days.

For these and latest news visit <https://tinyurl.com/SACO-Scorers> which will be periodically updated - starting tomorrow!

Do please complete our short Staffordshire Scorer survey at <https://www.surveymonkey.co.uk/r/LXDVHHN>

Please pass this to other scorers and ask them to register.

Remember ALL scorers should hold a DBS Certificate (unless under 16 years old)

Stay Safe and Sane.
